

IASB Update for AEA Superintendent Meetings, May 2020

Celebrate Public School Staff—Show You Are #PublicSchoolStrong

Since 2007, IASB has led the charge in celebrating school board members each May. After 13 years focused on recognizing board members, we're flipping the script and also providing school boards with ways to thank educators, administrators and district staff for their herculean efforts. In the midst of a global crisis, lowa public schools are continuing to teach, feed and meet the needs for K-12 students—93.7% of students enrolled in school statewide.

Our <u>Public School Proud toolkit</u> includes facts about public school staff, ideas to recognize and thank staff, social media graphics, and a special 'Thank You' from the IASB Board of Directors. Since May is still School Board Recognition Month, we are continuing our yearly tradition of personalizing certificates for districts to give to your board members. All board secretaries will be emailed the certificates before May board meetings.
