

## Bond Election Results – March 2021

Based on IASB research (news articles and other research), six school districts held school bond elections on March 2, 2020, and five of the six districts received the 60.0% voter approval. The following map details the results of the elections, including the percentage voting “yes” and the amount of the bond requests. Please contact the IASB if there was a March 2021 bond election that was not included in this map. [Click here for a larger map of the March 2021 election results.](#)

## September 2020 Bond Election Results

The following table provides the bond election results from the September 2020 elections. Of the seven elections noted, six were approved. [Click here for a map of the Sept. 2020 election results.](#)

September 2020 Bond Elections		
School District	Amount (in Millions)	% Approved
Bondurant-Farrar	\$ 23.000	93.6%
Camanche	\$ 13.435	71.3%
<b>IKM-Manning</b>	<b>\$ 19.200</b>	<b>55.0%</b>
Nevada	\$ 9.140	88.4%
Saydel	\$ 22.900	63.4%
Southeast Polk	\$ 92.000	69.4%
Waukee	\$ 205.000	88.1%

## Prior Years' Bond Election Results

Note that the Department of Education annually collects the previous year's bond election results for every school district. This information for previous years' bond elections results is available on the [Department's website](#).

## School Bond Election Dates

School bond elections must be held on one of the special school election dates. The following chart provides future dates when a bond election can be held. Additionally, Iowa law states school districts that have general obligation bond elections that fail, are required to wait to submit that bonding proposal or any proposal that incorporates any portion of the defeated proposal to the voters for six months. This restriction, in combination with recent special school election dates, limits how often school districts can hold bond election compared to past years. For example, a school district that holds a bond election in September that is not successful will be required to wait until at least the following September to hold another bond election.
