

Minority PK-12 Enrollments: 2014-15 to 2019-20

Enrollment data is collected annually each October from every school district by the Department of Education. Included in the data collection are grade levels, gender, and race/ethnicity. Additionally, the department collects this information at the school building level. See the Department of Education’s [grade level enrollment data](#).

The following table, chart, and maps provide information on public school minority enrollments in grades pre-kindergarten (PK) to grade 12 from the 2014-15 school year to the 2019-20 school year. During that time, minority enrollments have increased from 110,037 to 132,083 (an increase of 20.0%) and the percentage of minority enrollments has increased from 21.74% to 25.53%.
